PUMP UP THE SAVINGS WHILE YOU STILL CAN*

Boost Home Comfort & Savings with the
Inflation Reduction Act

*Limited time remaining - 25C Tax Credit set to expire on December 31, 2025

What is the Inflation Reduction Act (IRA)?

The Inflation Reduction Act (IRA) is a climate control bill that incentivizes residential energy-efficient purchases. With a variety of tax credit and rebate programs offered by the act, now is the time for you to take advantage of short-term savings and long-term HVAC system benefits.

What is the 25C Tax Credit?

The Energy Efficient Home Improvement Tax Credit (25C) is part of the Inflation Reduction Act (IRA), and is intended to drive adoption of energy-efficient solutions by providing homeowners credits on HVAC products that meet the highest non-advanced Consortium for Energy (CEE) tier.

ACT FAST

The 25C federal tax credit
won't be around for much longer!

Tax incentive set to end on
